Imagine how tedious it would really be to clean up your own house after throwing a big party, with out help from cleaning machines. In the past, the time upholstery and carpets had the dust beat out of them by hand; brushes, brooms and cleaning cloths were the state-of-the-art cleaning supplies of that time.

P.A. Fisker, the founder of Nilfisk-Advance, was actually an electrical engineer who really loved working with electrical motors. Founding the company in 1906, he began to produce motors in order to drive machine tools, coffee grinders, drills and fans. Mr. Fisker's dream from the beginning was to own an international business selling products globally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner which could be operated by one individual for the reason that it only weighed 17.5 kilos! This invention came in a time where various cleaning equipment were huge and required 4 or more operators, therefore, the Nilfisk C1 changed everything and evolved the way we clean forever. The mastermind behind these very first cleaning machines remains unparalleled. Cleaning equipment offer a brilliant solution to an ongoing problem; things get dirty and have to be cleaned frequently, without a lot of effort.

Little by little, the business Nilfisk-Advance grew all through the years. During the the early part of the nineteen eighties the company expanded fast when the business became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance forward within the business, trying to be an active global player in producing professional cleaning equipment. Nilfisk-Advance is presently located in all parts of the world due to gradually obtaining a lot of small companies to be able to grow their product selection and presence in new markets. They are really proud to provide different cleaning solutions to suit each and every need.
